Summary

Hi, I'm Curtis. I am currently a Frontend web developer in Javascript, React.js, Next.js, Html5, and CSS is my favorite. I tend to prefer the animation, web design, or game development side of programming. Before the COVID-19 pandemic, I worked at Johnson brothers mutual distribution in Raleigh NC as a beer and wine delivery driver/merchandiser for over 5 or 6year's. I was an over the road truck driver across 48 states for over 8years. I worked also a correctional officer in North Carolina at Polk in butner NC for 2 to 3year's around 2001. Then Worked at Lee correctional in Bishopville South Carolina for around 1year. My ultimate goal is to work on a game in the future, or a games website.

Experience

Code The Dream | Durham, NC
Front End Web Developer | 01/2023 - Present
I'm a frontEnd developer appreciate, I'm currently responsible for building part of code the dreams internal company app. I've been responsible for building the profile page, team directory, and project directory for all staff, volunteers, and appreciate. I did the refactoring, wire framing and redesigning using https://mui.com/.

Johnson Brothers Liquor Co | Raleigh, NC
Delivery Driver/Customer Service | 09/2015 - 06/2024
I delivered and stocked beer and wine at grocery store, convenience store's, bars and restaurants across North Carolina. having good customer service skills helps.
